

Wooden Preforms

for beehive frame production

We offer high quality wooden preforms for beehive frame production

By high quality we mean:

- ✓ Planed;
- ✓ NO branches;
- ✓ Dry (max 12% humidity);
- ✓ Prepared length: **Langstroth, Dadant, Farrar, Lågnormal or custom** according to your specification;
- ✓ Width: 70 mm or less (according to your specification);
- ✓ Height: 9.5 mm.
- ✓ Material: pine tree

You get high quality pre-processed material, which reduce production costs by decreasing time spent on pre-processing material and minimizing material leftovers.

FOB price 390 EUR / m³

WE ALSO PRODUCE DIFFERENT TYPES OF BEEHIVE FRAMES (0.40-0.50 EUR APIECE). CONTACT ME FOR DETAILS.

About Us

We are beekeepers with many years of experience producing organic honey, pollen, and high quality beekeeping equipment.
